A message from the CEO

Happy Spring Priority Postal family!

Things are off to a great start here at the credit union! We had a successful annual meeting in February with approximately 40 members in attendance. We hated that we had to change the date a week before the scheduled date due to the freeze but the safety of our members was the top priority.

We are diligently working on the credit card system that we will be rolling out in June or July of this year. Our card will offer a lower interest rate than most other credit cards and will also offer rewards to our members. Stay tuned for updates on this!

Please remember that Ruby and I are always available to assist you in person or via telephone.
